

Westfield Soccer Association Birth Year Registration Age Group Chart

To determine the player's age group, simply take the end year of the seasonal year and subtract the player's birth year. For the upcoming 2016-2017 seasons, subtract the birth year from 2017. For example, if the player was born in the year 2004, subtract 2004 from 2017 to get 13 or U13.
